# PERIIA

ENRIITC is funded by the European Framework for Research and Innovation Horizon 2020, under grant agreement 871112

# Introduction

## *Our invited speakers*

***Mirko Menninga, European Spallation Source ERIC  
Head of Supply, Procurement and Logistics  
Division***

Public administration specialist with 24 years in public procurement, contracting and logistics.

Start of career in the German MoD's armament office, 5 years at NATO Agency for Tornado and Eurofighter, 10 years at United Nations in Copenhagen (UNICEF Supply Division, UNOPS HQ), at ESS since May 2014 and Head of SPL Division since March 2018.

# Introduction

## *Our invited speakers*

***Anders Unnervik, Head of Procurement and Industrial Services, CERN***

Anders Unnervik obtained an MSc in Industrial and Management Engineering in Linköping (Sweden) before joining the European Organization for Nuclear Research (CERN) in 1988 as a member of the Procurement Service. In 1992 he was appointed Head of CERN's contract section and became responsible for all procurement activities related to the Large Hadron Collider (LHC) project, from civil engineering to superconducting magnets and everything between. In 2008, he was promoted Head of CERN's Procurement and Industrial Services Group.

# Introduction

## *Our invited speakers*

***Franck Germes, Head of Earth Observation  
& Telecommunications Procurement Division  
at European Space Agency***

Franck is a French national who has been working for more than 30 years in ESA. With a legal background he has been supporting nearly all ESA programmes (Human Space, Launchers, Science, R&D, Navigation, Earth observation, Telecommunication..) as a Contract Officer and then with a management function in the Procurement Department. Aside his nominal function, he is the ESA representative in the BSBF organization committee.
